Gallardo Superleggera - Product Information

1.1 Philosophy

The overall concept is defined by :

a true performance oriented driving car obtained through :

- An extreme sportive version of the Gallardo Coupé, eliminating all superfluous materials
- Propulsion system completely revised in the engine ECU with the adoption of a new light weight exhaust system and a new throttle body in order to obtain more power and quicker response to the accelerator

Best WEIGHT/POWER ratio of its competitors (Ferrari F430; Porsche GT3)

Gallardo Superleggera has been positioned as the
TOP of the product of the Gallardo model line

Gallardo Superleggera - Product Information

1.2.1 Technical data
